## Who we are

FAB LAB Pakistan is a Fabric Research Centre, a leading textile innovation hub offering fabric consultation, R&D solutions, and sustainability certifications to textile manufacturers and exporters. By combining Chinese expertise, European innovation from FAB LAB Barcelona, and testing excellence from EUROFINS Pakistan, we provide tailored solutions that drive product quality, market competitiveness, and environmental responsibility.

## Our Vision

To transform Pakistan into a global leader in textile innovation by empowering manufacturers with advanced solutions and sustainable practices.

## Our Mission

To deliver cutting-edge R&D, fabric consultation, and international compliance certifications, helping Pakistani exporters meet global standards and seize new opportunities.

## Our Services

### FABRIC DEVELOPMENT AND CONSULTATION

- Customized solutions for developing high-quality, market-ready fabrics.
- Expert consultation on material selection, fabric properties, and performance optimization.
- Support for market-specific product customization to meet regional buyer demands.

### TESTING, INSPECTION, AND CERTIFICATION

- In partnership with EUROFINS Pakistan, we offer internationally recognized testing and certification services.
- Ensuring fabrics meet global quality standards (ISO, OEKO-TEX, GOTS, etc.) for export markets.
- Comprehensive material analysis and compliance assurance.

### SUSTAINABILITY SOLUTIONS

- Helping manufacturers adopt eco-friendly practices to meet international sustainability requirements.
- Providing sustainability certifications to align products with global buyer preferences.
- Promoting energy-efficient processes to reduce environmental impact.

## Why FAB LAB Pakistan?

### GLOBAL EXPERTISE, LOCAL SOLUTIONS

- We bring Chinese technology, European innovation, and local testing excellence under one roof, offering customized solutions tailored for Pakistani exporters.

### STATE-OF-THE-ART FACILITIES

- Our advanced R&D labs provide textile manufacturers with the tools to innovate, optimize, and test products to meet international benchmarks.

### COMMITMENT TO SUSTAINABILITY

- We prioritize eco-friendly textile solutions, helping manufacturers achieve sustainability certifications that are critical for global buyers.

### STRATEGIC PARTNERSHIPS

- With collaborations spanning FAB LAB Barcelona, EUROFINS Pakistan, and leading global players, we deliver unmatched expertise and support.

# FABRIC CERTIFICATION★

\*T&C Apply: Get in touch with our Pakistan's Franchise Centre to learn more about the certifications.
